

DBTL Update #35

Hi Friends of the Downtown Library ~

We have three different campaigns at work, involving the now doomed 2016 library-in-a-garage proposal. All three are different yet all three are in a way hitched to one another! Those three are Don't Bury The Library (DBTL), the Campaign for Sustainable Transportation (CFST) and the newly formed and active Downtown Commons Advocates (DCA).

This update brings you news about an event sponsored by DCA (attached flyer). We're pleased to pass it along to all of you.

We'll have a DBTL update this weekend to share our latest news.

Jean

P.S. If you can help distribute fliers at the Farmers Market this Wednesday, March 13 (supposed to be sunny!), please contact Rick Longinotti (longinotti@baymoon.com)
